**Nadime vs. Meagan C.**

**Use QR Code after matchups to vote!**

# SCE Officer/Member Spotlights

## Davis Ross – Social Director

Davis Ross comes from Santa Cruz, California. He is concentrating in structures and is also our Social Director for SCE. Davis enjoys rock climbing, backpacking, and playing piano. So far, Davis has worked for three companies: MME Inc, Butano Engineering Inc, and Artifex Industries Inc. Davis is very excited to start his master's degree with in-person classes. He is also eager to invite all of you to our SCE banquet in which the winner of the Animal Battle will be revealed.

## RJ Haugen – Mentorship Committee

RJ is a second year CE major considering either construction or structures, from Bremerton, WA. RJ likes to do things with his friends such as photography. RJ is an active member of the Mentorship Committee and helps plan so many cool events that we have had this school year. Last summer, RJ interned for a local contractor in Bremerton Newton Building and Development. This spring, RJ is excited to “actually experience spring in SLO” as his first spring quarter was hindered by the pandemic.
