SCE Officer Spotlights

Stuart Madison Harvey – VP

CPRDSC enthusiast Stuart is a 4th year CE student who is also minoring in CRP, law and society, econ, and real estate. Stuart grew up in Sacramento and is currently taking classes at his hometown. When asked about his favorite aspect of SCE, Stuart noted the members are the best part of the club. Stuart looks forward to organizing the career fair this winter. Stuart's advice to new members is to get involved and stay active.

Brigid O'Neill – Sports Coordinator

Brigid is a 2nd year CE major with an interest in water resources engineering. If you didn't know, she is from the suburbs of Philadelphia, which probably makes her an Eagles fan (Go Sports). Brigid is involved in the mentorship program as well as sports. Outside of SCE, she also holds an officer position with EWB on the Nicaragua team. When she is not working, she is listening to music, watching TikToks, or hiking.
