Animal Battle Matchup

Will vs. Megan M.

**Use QR Code after
matchups to vote!**

SCE Officer Spotlights

Olivia Clark - Webmaster

From Chico, CA. Olivia Clark takes large interest in dancing and watching Netflix in her free time. He has trained in ballet for twelve years and now lives off of YouTube dance videos. In the summer of 2019, Olivia interned for NMR Architects + Engineers in Northern California. There, she learned a lot about the feats and accomplishments that structural engineering does. Olivia is excited for Spring Quarter and being able to hike around SLO more between doing homework.

Michael Wang – Concrete Canoe PM

Michael is a third year CE major concentrating in structural engineering. From Fremont, CA. Michael likes to play basketball and go on camping trips. He is the Project Manager for Cal Poly's Concrete Canoe Team, one of the most successful project teams in the country. Michael has interned as a field engineer with Flatiron Construction in South SF. "Well, this school year is almost over, but I am looking forward to being in person again next year."
