## SCE Mentorship Updates

In the upcoming weeks SCE Mentorship be putting on several great events. One of these events is study hours. Study hours is a great opportunity for all SCE friends to come and study together in a library fishbowl. Besides the clear upsides to studying in groups there's gonna be dessert. The upcoming mentorship field day is a great opportunity for mentors and mentees to get together and

play capture the flag and participate in a relay race. In addition to the games there will be half time snacks of orange slices and odder pops. The mentorship field day is on Friday, May 25 at 4PM in the WOW-a-rama Fields and the next study hours is Wednesday, May 23 at 8PM in Library Fishbowl "S".

Come out to both of these events to have a great time!

## Tonight's Speaker

Ann Dennis is an Energy Consultant at Arup where she focuses on energy and sustainability. She will be speaking about micro grids, a topic on distributed energy resources with a renewable focus.
