Project Team Barbeque

On October 10th, SCE Members got together at Morro Rock to enjoy some BBQ and learn more about concrete canoe, geowall, and steel bridge. Students got to compete to see who could build half a bridge faster, who could build a stronger cantilever out of straws and gum, and racing each other in canoe tag. Students also relaxed in the sun, played Kan Jam, and cornhole. Thanks to everyone who came out and participated in the events!

TONIGHT'S PRESENTATION:

Bill Hanley from Filanc will be presenting on the design and construction of a Biosolids and Energy System Recovery project for Irvine Ranch Water District.

Joint Club Beach Bonfire

The Joint Club Beach Bonfire at Grover Beach was on Saturday was a great success! Members of ITE, SENVE, and SEAOC all came out to play Frisbee, roast s'mores, and get to know other engineering students. Thanks to everyone who came out!

IM SPORTS

SCE Members can join us at the turf fields or gym to compete in our IM Sports!

Don't forget your poly card!

SOCCER Thursdays at 6:30 PM

SOFTBALL Sundays at 5:30 PM

VOLLEYBALL Mondays at 8:30 PM

SCE MEMBERS TAKE ON NEW YORK

SCE officers Monica Fiedler-Ross, Kate McMahon, Sean Pringle, and Sameera Sarmadi and Faculty Advisor Dr. Hall attended the ASCE National Convention in New York City from October 11th to 14th. The students were presented the Robert Ridgway Award in front of over 400 attendees. They also attended informative presentations on the Brooklyn Bridge, flood protection in the Netherlands, and ways to become a better leader through understanding your personal traits. It was a beneficial convention and the students are excited to share and incorporate what they learned into the student chapter.
